

Criteria for Supported living

If you are interested in supported living, contact your community key worker or social worker in hospital.

Supported living is an opportunity for you to live independently or in shared accommodation, in the community with support.

Potential applicants must be 18 years or over, have the potential to live safely and in harmony in supported housing accommodation.

We are recovery driven. Staff will work with you in developing a care-plan which helps you towards your recovery.

Your recovery is a personal, unique process and we will help you to meet the goals you have set yourself.

Tenant Views

“With the support of staff I have a fun week, I attend Beacon Centre, I am able to go home at the weekends to visit family. Staff organise day trips and I go out for coffee and shopping. I feel less alone and more part of the community.”

“Hawthorne Drive has helped me manage my mental health, staff support me with my medication. I can talk to them if I have a problem or when I am feeling unwell.”

Staff Views

“Lisanally Lane offers excellent support for those with mental health problems to live independently and feel part of the community.”

“Skilled staff are on hand to offer advice, support and guidance to the tenants.”

About Supported Living Services

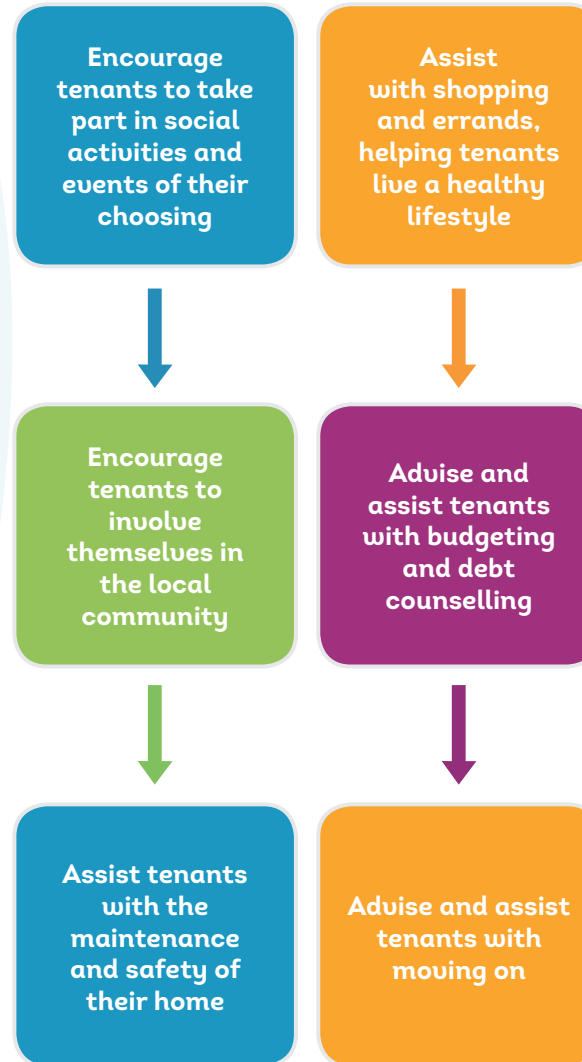

Staff will listen to you and acknowledge what is important to you and will help you develop your personal skills.

Our vision for Recovery

“Supported Housing is rehabilitative in nature, enabling people to be more independent, by maintaining existing skills and developing appropriate new skills.”
