

## Service User and Carer Involvement Group

Can you help us?  
Have your say!

- Do you have mental health difficulties?
- Do you have a learning disability?
- Do you care for someone who has mental health difficulties or a learning disability?
- We want your help to make our services better!

(When the document says 'we', it means "The Forensic Managed Care Network")

### Why?

- We want to listen to your experiences and ideas to make our services better.

### What?

- We want to bring together a group of people.
- We want to ask the group questions about their experiences of different services.

## What services?

- Community Forensic Mental Health Services
- Community Forensic Learning Disabilities Services
- Shannon Clinic
- Healthcare in Prison

## Who?

- This group is for people who have mental health difficulties

or people with learning disabilities.

- You may also have mental health difficulties **and** a learning disability.
- Family members or carers may also join the group.

## When/Where?

A central location – in different health and social care buildings

Or, you can join in online.

This means you can be at home and join in with the group on the computer.
